(Matrix Code: **SPARKAAM.00** for [StartOver.xyz](http://StartOver.xyz) game.)

**DISTINCTION:** Confront with questions.

### **NOTES:**

There are many forms of confrontation. Some are fruitful some of the time. Others are not.

There are many forms of questions. Some questions create pressure. Some questions create vacuum. Some questions shut Doorways. Some questions open Doorways.

Some questions that you ask yourself or ask others can take you further on your quest. Confront your own stuckness, blindness, stubborn opposition, resistance, confusion, aggressivity, reactivity with questions.

If you confront with statements, you declare war. You are an asshole. I hate you. This is impossible. I will not do this. You are an idiot.
