DISTINCTION: Possibility Management is a ways to create and work in the circumstance where possibility is a possibility.

NOTES: What is Possibility Management?

- Means of creating opportunity
- New way of doing business
- Not based on defensive context
- Opens doorways to new and before unseen opportunities
- More than a system – way of being, ways to serve Bright Principles
- Not to choose among possibilities that (...) but to create possibility out of nothing
- Where others are stuck and cannot see possibilities, a Possibilitator creates possibility out of nothing
- To do what you love to do and make
- To make happen anything that serves
- Finding the way through making distinctions and not taking a position
- Fulfill your destiny
- New ways of thinking – leads to new ways of doing that leads to more effective results
- There is an ocean beyond fishbowl
